For the low price of only \$3,000, registered members get access to a one year treatment plan that consists of private therapy, group therapy, personal coaching and educational resources.

A one year subscription to OnlineTreatment.com includes:

- ▶ Unlimited 24/7 access to Continuing Education resources

One On One

Individual therapy sessions are customized for you or your loved one looking for help with addiction. Every OnlineTreatment.com subscriber is assigned their own personal therapist for the duration of their treatment.

Personal Coaching

Personal Coaching sessions focus on self discovery and improving life skills. OnlineTreatment.com has partnered with Darryl and Tracy Strawberry, authors of Clean, Sober & Saved, to create this faith-based recovery encounter.

Group Sessions

Group therapy lets you connect with other people with a substance use disorder while sharing inspirational stories on overcoming addiction. Attend a moderated Group Session and discuss current obstacles affecting people in recovery.

Continuing Education

Listen to an expert discuss the latest topics related to sober living, treatment and recovery. This is a great way to keep the conversation flowing while learning more about common substance abuse problems.
